## NOTICE OF NEW REGISTRATION

The registration for the Primary Election and for the General Election will open at the office of the County Recorder on May 1st, 1916, and will continue open until ten days before the Primary Election in September, or until September 2nd, 1916, at which time the books will be closed for seventeen days and no registrations will be made until September 19th; thereafter the books will again be opened and registrations will continue until October 15th, 1916, when it will be closed until May, 1918.

Owing to the registration for the City Election now being conducted in the City of Clifton, a great deal of confusion has been raised in the minds of the electors, that such registration was sufficient for the county election in November. I wish, therefore, to take this opportunity of advising the electors of the County of Greenlee, and particularly those of the City of Clifton, that it will be necessary for each of them to register with the County Recorder, or his deputies, to enable them to vote in the election this fall. Arrangements will be made in each precinct for the registration of all voters, who may present themselves to the respective deputies, and be registered.

For the information of the electors of the County of Greenlee, I submit, appended below, the qualifications of electors, as appears in the Code now in force: The elector must be twenty-one years of age, or over; a citizen of the United States, either by birth or naturalization; a resident of Arizona for one year prior to election, and of the county and precinct for thirty days; must be able to read the Constitution of the United States in the English language, and write his or her name, unless physically unable to do so.

If elector is a naturalized citizen, or if naturalized by his father's papers, he must present his or his father's second or final papers to the registration officer, else he cannot be registered. If, however, such papers are lost or destroyed, the elector will be permitted to register upon executing an affidavit, giving the time, place and court of issuance of such papers and the fact of their loss or destruction and circumstances connected therewith.

The above applies to women as well as men, except that women of foreign birth become naturalized citizens upon their marriage to citizens of the United States, whose citizenship is either by virtue of their birth or naturalization; or if said women are already married, the naturalization of the husband carries with it the citizenship of the wife.

In addition to the foregoing, it is required that each person who presents himself to register, shall designate his or her party affiliations, in order that the same may be placed upon the registering blank by the registration officer.

A person must register in the precinct where he or she resides, or hold a certificate of registration to enable him or her to vote at any primary or election. The law, by which a person, if not on the register, could register at the polls, has been omitted from the code now in force, and now, in order to vote at any primary or election, the elector's name must appear on the register of the precinct wherein he or she resides. If, after registering, the elector moves to another precinct of county, he or she must cancel his or her first registration, and then re-register in the precinct or county where he or she then resides. A person must not register more than once, without first cancelling his or her prior registration. To register more than once is a criminal offense and subjects the offender to a fine in a sum not exceeding one thousand dollars, imprisonment not exceeding five years, or both.

There is ample time for each elector to register, provided that every elector does not postpone it until the last day. In order to facilitate the work in the office, as well as to avoid a stampede during the closing days of registration, I would request and urge that every elector register as soon as possible.

RODNEY ELLIS,  
County Recorder.
